

## REHABILITATIVE PROFESSIONALS

*The focus of the rehabilitative program at The Floridean is to restore*

*each patient to their optimal level of wellness. Our on-staff therapists assist adults recovering from strokes and/or surgeries during the post-hospitalization period. Each patient receives an individualized, physician directed, program to meet their personal goals.*

47 N.W. 32nd Place, Miami, FL 33125  
*Location: Centrally located just north of West Flagler Street on 32nd Place. Convenient to Coral Gables, South Miami and Key Biscayne.*

COMPLETE REHABILITATIVE  
SERVICES

## OUR HISTORY

*F*ounded in 1944, The Floridean is one of the most respected nursing and rehabilitative centers in Miami. The Floridean has been owned and operated by the Rice family since its inception. Four generations of knowledge and experience contribute to our reputation as a first rate health care facility.

In fact, Florida's Agency for Health Care Administration has ranked The Floridean in the top 1% of centers throughout the State of Florida. For these reasons, our center has repeatedly been the rehab center physicians choose for their own families.

Our competent team of registered nurses, licensed practical nurses, certified nursing assistants, therapists and social workers provide personal, individualized attention to each patient under the direction of the their physician.

## OUR CARE

### SHORT-TERM REHABILITATION

Our separate rehab wing assists adults who are recovering from strokes, surgeries, accidents or serious illnesses. Our goal is to return patients to their home as quickly as possible.

Our fully equipped physical therapy suite includes the following services:

- Physical Therapy
- Occupational Therapy
- Speech Therapy

### LONG-TERM REHABILITATION

Therapy and restorative services are designed to maintain each patient at his or her optimal level of wellness. For those individuals who are no longer able to live independently at home.

### RESPIRE / DAY CARE

For families who want a loved one to remain at home for as long as possible, respite and day care will allow the caregiver a break. Respite care is available for stays up to sixteen days, and our Day Care program is available seven days a week with flexible hours.
